

M at Forest School Spring 2016

M, you came to Forest School for the first time this week. You were so confident and independent getting dressed, only needing help getting your gloves on. You were helpful in pushing the trolley, even though your new shoes were tricky to keep on! M, you told me "I like dogs and I like cats". I like dogs too. When we arrived at Forest School we sat at base camp. You explored very confidently with your friends, observing the flowers and kept making everyone laugh when you smelled the daffodils and pretended to sneeze! I think you enjoyed us all laughing! You were happy when we played '1, 2, 3 Where Are You?' and you found me. I heard you count on your own up "1, 2, 3, 4, 5, 6, 7, 8, 9, 10, 11, 12". That is incredible counting. On the way back to school you showed us the way and were happy running in the park "I like this park" you told me. You shared so much talk, I couldn't write it all down. Maybe next time I'll bring the iPad and make a film. Do you remember we saw the worm? Next time you said you'd like "Grapes, cheese and water."

I hope you can come again next time. Becky. 25.2.2016

What you showed me today?

You can communicate your thoughts and feelings with confidence.

You are very happy to try new experiences and have a go.

You enjoy being with your friends and playing games.

Next time we can:

Explore more freely, climbing the tree and observing the natural world.

Use the camera and iPad to take some photographs and films of Forest School.

What did you think of Forest School M?
