Packed Lunch Policy

*Rachel Keeling Nursery School,
where the child comes first.*

Autumn 2021
Review Autumn 2022

Rationale

- The government has placed a duty on schools to ensure that every child is healthy. Eating healthily is important because it will help children to:
 - Be fitter and healthier now and later in life
 - Learn at a faster pace and behave better
 - Improve oral health
- To grow and stay healthy, children need to eat a nutritionally well balanced diet. Nursery is an influential setting and can contribute significantly to improving the health and wellbeing of children.
- Good nutrition in childhood can help to prevent a variety of health problems, both in the short term and later in life. There is increasing concern that many children are consuming too much fat, sugar and salt and too little fibre, fruit and vegetables.
- The short term effects of unhealthy packed lunches and food intake can include poor growth, tooth decay, obesity, anaemia, constipation, poor concentration and behavioural problems, which may have an impact on a child's learning.
- The longer term effects of a poor diet in childhood can be an increased risk of stroke, cancer, heart disease and diabetes in adulthood.
- Packed lunches can contribute to almost a third of a child's weekly food intake and therefore need to be balanced and nutritious.

Aims

- To ensure that the content of packed lunches meet minimum food and nutrition standards for school meals.
- To encourage healthy eating habits from an early age and improve the overall nutrition of children.
- To improve the nutritional quality of packed lunches enjoyed at Rachel Keeling Nursery School.
- To develop awareness in children, families, staff and the wider community that Rachel Keeling takes a proactive approach to promote healthy eating.
- To encourage healthy eating habits in childhood that can influence health and well-being in later life.

Special diets and allergies:

-Please note that NO food that contains nuts or nut products is allowed in packed lunches.

-Rachel Keeling Nursery School understands that some children may have verified medical conditions requiring special diets that do not allow for the standards to be met exactly. In this case parents are urged to be responsible in ensuring that packed lunches are as healthy as possible. If any of the foods suggested on the not to include list need to be a part of your child's daily diet, please inform your child's key person.

Packed Lunch Facilities

- At Rachel Keeling Nursery we know how important a positive lunchtime experience is on wellbeing. We will ensure children sit in small 'family style' groups.
- Free, fresh drinking water and cold milk will be made available.
- Staff will work with parents to ensure packed lunches to meet the standards listed below.
- As fridge space is not available, children are advised to bring packed lunches in insulated bags with freezer blocks where possible.
- Children are only allowed to eat their own food.

- We are not permitted to heat up the food for children, in case it is heated incorrectly and makes your child ill.
- If a child comes without a packed lunch, we will call families to bring one in or charge if we have to provide lunch.

Some Ideas for Packed Lunches

Every day:

- At least one portion of fruit and one portion of vegetables every day. Grapes and cherry tomatoes should be halved lengthways for nursery age children;
- Meat, fish, eggs, or a non-dairy protein (e.g. lentils, kidney beans, chickpeas, hummus, falafel) every day;
- Oily fish, such as salmon or tuna, at least once every three weeks (or vegetarian alternative)
- A starchy food such as wholemeal bread (wholemeal rolls, pitta bread or wraps), pasta, rice, couscous, noodles, potatoes or another cereal every day.
- A dairy food such as milk, 'proper' cheese (ie not Dairylea lunchables or similar), unsweetened yoghurt (or vegan alternative).
- Pretzels, crackers and cheese. Maybe unsweetened cereal.
- Vegetable sticks and dips.

Please do not include:

- Any confectionery such as chocolate bars, chocolate-coated biscuits and sweets.
- Any crisps.
- Any drinks other than water - just send your child with their usual labelled water bottle.

We will send home any of these items and speak to families about healthy options.

If children arrive at school without a packed lunch, families will be contacted and expected to make arrangements for a healthy packed lunch to be delivered to school by 12pm. If school has to provide a packed lunch, the family will be charged.

Waste and Disposal

Our staff will, within reason, send any uneaten packed lunch food items back home. This is so that parents can also monitor what their child has consumed during the day and then raise any concerns over their child's food intake with the school.

Responsibility, Management and Support

The leadership team have overall responsibility for the implementation of this policy. The whole Nursery Team will endeavour to raise any concerns with parents in a timely and sensitive way. Parents are asked to share any worries about their child's eating at home or nursery.
